Consumer Payment Services Information Sheet

This is a translation of the original Dutch text and is furnished for the customer's convenience only. No rights may be derived from this translation. The original Dutch text, which will be sent upon request, is binding and will prevail in all cases where the two versions diverge.

This information sheet explains the rules and obligations specified in:

- ▶ the General Conditions of ABN AMRO Bank N.V. (comprising the General Banking Conditions and Customer Relationship Conditions)
- ▶ the Consumer Payment Services Conditions.

1. Security

You are required to observe the following security rules, which are in addition to the rules set out in the General Conditions of ABN AMRO Bank N.V.

1A Security rules

What are these rules about?

Electronic banking and electronic payments must be secure. Examples are transactions involving Internet Banking and Mobile Banking, payments at point of sale (POS) terminals and cash withdrawals at automated teller machines (ATMs). The bank plays a major role here, but so do you. These security rules tell you what you need to do.

Why is it important for you to observe these rules?

By observing these rules you greatly reduce your chances of becoming a victim of fraud. Under consumer law, the bank must reimburse you if money is withdrawn from your account without your consent. However, the bank is not always obliged to reimburse you for your loss. The exceptions are described in article 6.3 of the Consumer Payment Services Conditions. Provided you follow the following five security rules, you will not run the risk of having to bear your entire loss yourself.

What must you do?

- 1 Keep your security codes secret**
- 2 Make sure your debit card is never used by anybody else**
- 3 Make sure that the devices you use for your banking business are secure**
- 4 Check your bank account**

5 Report any incidents immediately to the bank and follow the bank's instructions

More information is given below.

Security guidelines

1 Keep your security codes secret

Bear in mind the following points:

- ▶ Make sure that nobody else can learn your security codes. Security codes include not only the PIN that you use in conjunction with your debit card, but also all the other codes that you need in order to make electronic payments and to use Internet Banking and Mobile Banking. They are, for example, the codes that you use with the e.identifier that the bank has provided.
- ▶ You are the only person who may use these security codes. You must do so in the manner prescribed by the bank. Point 1B of this section tells you about the permitted use of security codes.
- ▶ Do not write down the codes or store them on your computer. However, if there is really no alternative, save them only in a disguised form that you alone can decipher. In that case, never keep the disguised codes with your debit cards or with the device that you use for your banking business.
- ▶ If you can choose a security code yourself, make sure that it is not easy to guess. Do not choose, for example, your date of birth, the name of a family member or your postcode.
- ▶ Make sure that nobody is watching when you key in your security codes. This applies not only to your PIN but also to the other codes you need to use in order to make online payments or use Internet Banking and Mobile Banking.
- ▶ Never mention a security code on the telephone, in an email or in any other manner other than that prescribed by the bank. This also applies if you are contacted by telephone, by email or personally by somebody who says he or she is an employee of the bank. The bank would **never** ask you for your security codes in such a way.

2 Make sure that your debit card is never used by anybody else

Bear in mind the following points:

- ▶ Do not allow yourself to be distracted when using your debit card, and check that you get back your

own debit card after use.

- ▶ Always keep your debit card in a safe place and make sure that it is not easy to lose. Check regularly that the debit card is still in your possession.

3 Make sure that the devices you use for your banking business are safe and secure

Bear in mind the following points:

- ▶ Make sure that the security and other software installed on the devices (e.g. computer, tablet and/or smartphone) that you use for your banking business is regularly updated. Examples of installed software are the operating system and security programs, such as virus scanner and firewall.
- ▶ Do not install any illegal software.
- ▶ Safeguard access to the devices that you use for your banking business with a password.
- ▶ Make sure that the bank's apps on the device that you use for your banking business cannot be used by any unauthorised person.
- ▶ Always log out once you have finished your banking business.

4 Check your bank account

Bear in mind the following points:

- ▶ Always check your online or paper statements of account for unauthorised transactions as soon as possible. Do this at least every two weeks if you receive account information online. If you only receive paper statements of account, you should check these within two weeks of receipt. If the bank incurs a loss because it has been impossible for you to check your statement of account for some time, the bank may ask you for evidence that the delay could not reasonably have been avoided.

5 Report any incidents immediately to the bank and follow the bank's instructions

Bear in mind the following points:

- ▶ Always notify the bank immediately in the following cases:
 - ▶ You have mislaid your debit card and do not know where it is.
 - ▶ You know or suspect that somebody else knows or has used your security code.
 - ▶ You notice transactions on your statements of account that you have not authorised.
 - ▶ You no longer have your mobile device with the bank's payment app, unless you have passed on this device to somebody else after first deleting the payment app.
- ▶ Also contact the bank immediately if you encounter

something strange or unusual, such as a different way of logging in.

The bank can block your account in order to prevent any (further) loss. You must follow any instructions given by the bank to prevent new incidents. Even in this instance, the bank will **never** ask for your security codes.

You can report an incident in one of the following ways:

- ▶ Call us on telephone number 0900 - 0024[^] (in the Netherlands) or +31 (0)10 282 07 24 (from abroad)
- ▶ Go to one of our branches in the Netherlands (during opening hours).

To have your debit card blocked, you can also call the debit card hotline on 0800 - 0313 (in the Netherlands) or +31 (0)88 385 53 72 (from abroad).

Users of the ABN AMRO Stand-By Service can also call telephone number 0800 - 0701 (in the Netherlands) or +31 (0)20 651 59 27 (from abroad, reverse charge call possible).

The telephone lines are open seven days a week, 24 hours a day.

1B Permitted use of security codes

Security codes

Security codes are all the personal codes that you use as part of your customer identifier. These identifiers are described in article 3 of the Consumer Payment Services Conditions.

Permitted use of security codes

You may use your security codes only as permitted by the bank. You may only enter your **PIN**:

- ▶ at ATMs
- ▶ at POS terminals
- ▶ on the e.identifier issued by the bank

Your **Wallet-code** for use with the Mobile Payment app at POS terminals may only be entered on your smartphone containing the bank's Mobile Payment app. All **other security codes**, such as the codes for the e.identifier or the five-figure identification number, may be used only for:

- ▶ The bank's secure website
- ▶ Mobile Banking via the bank's app
- ▶ Telephone Banking via telephone number 0900 - 0024[^] and other numbers used by the bank.

Security codes must never be used in any way other than described above. They must not be disclosed on any website

other than that of the bank. Nor may you disclose these code to anybody else, even staff of the bank.

1C Authorised use of fingerprint for Mobile Banking

You must ensure that only your own fingerprint is registered on your smartphone or tablet. This also applies to any proxy you have authorised. (If a fingerprint belonging to anyone else is registered on the same mobile device, they too can access your Mobile Banking app.)

2. Direct debits

Types of direct debits

For a recurrent SEPA core direct debit (SDD), you give a mandate that remains valid for repeated direct debit transactions.

For a one-off SEPA core direct debit, you give a mandate that is valid for one payment only.

A direct debit mandate may be given in writing or digitally through the bank. In the latter case you sign the digital mandate using your e.identifier on the bank's secure website.

Refund

You can give an instruction to refund a direct debit in one of the following ways:

- ▶ via the abnamro.nl website (if you use Internet Banking or through Mobile Banking)
- ▶ by calling telephone no. 0900 - 0024[^]
- ▶ at a branch of the bank

You can read in the Consumer Payment Services Conditions when you can instruct the bank to reverse a direct debit without giving a reason or get a refund due to the lack of valid mandate. In the case of a reversal without giving a reason, the bank will re-credit your current account as quickly as possible, and at any rate within ten business days. If the debit is to be reversed because of the lack of a mandate, the bank will attempt to refund the payment within 30 calendar days. The bank will reimburse you for any interest you may lose or pay on your current account because of the unauthorised direct debit.

Notification of refund or refusal by the bank

The refund will appear on your statement of account. If a direct debit is refused, the bank will notify you via Internet Banking or by letter.

Instruction to block direct debit

If you wish to refuse a direct debit, you can instruct the bank to block it. The various options for blocking a direct debit are given in article 10.4 of the Consumer Payment Services Conditions.

You can give the instruction:

- ▶ via Internet Banking
- ▶ by calling telephone no. 0900 - 0024[^]
- ▶ at a branch of the bank.

3. Business days

The Consumer Payment Services Conditions refer to business days. Details of the days that count as business days are given below.

The bank may also perform certain activities on non-business days. However, only days on which the bank can perform all the activities required to execute a payment transaction count as business days. Obviously, the business days of the beneficiary's bank also need to be taken into account.

Payment instruction	Business days
If the payment instruction can be processed within ABN AMRO Bank in the Netherlands and the instruction was given <ul style="list-style-type: none">▶ online▶ by calling telephone no. 0900 - 0024[^]▶ earlier for execution at a future date	Every day
If it is able to be processed as a payment which immediately reaches the beneficiary ¹	Every day
If the order is given in writing or by telephone via a branch	Every day except Saturday, Sunday, New Year's Day, Good Friday, Easter Monday, King's Day, Labour Day, Liberation Day (every five years), Ascension Day, Whit Monday, Christmas Day and Boxing Day
Other instructions	Every day except Saturday, Sunday, New Year's Day, Good Friday, Easter Monday, Labour Day, Christmas Day and Boxing Day

4. Limits

Limits are set on payment transactions, depending on the payment service and the way the payment instruction is delivered. The limits referred to below will apply only if you have not agreed any other limits with the bank.

¹ The Internet Banking or Mobile Banking payment instructions indicate whether a payment can reach the beneficiary directly. This can only be the case for payments in euros within the SEPA area, if the beneficiary's bank offers this option and if the amount is below this bank's limit

- ▶ Transfer via Internet Banking, using e.identifier
 - ▶ € 250,000 per transfer for payments in the SEPA area
 - ▶ € 50,000 per transfer for payments outside the SEPA area
- ▶ Transfer via Internet Banking/Mobile Banking, using identification number or fingerprint
 - ▶ € 250,000 per transfer to your own accounts at ABN AMRO
 - ▶ € 5,000 maximum daily limit, set by yourself, on transfers to accounts for which you have given a transfer instruction in the previous 18 months
 - ▶ € 5,000 maximum daily limit, set by yourself, on transfers to other accounts²
 - ▶ € 250,000 maximum transfer limit made using e.identifier after logging in with identification number or fingerprint
- ▶ Periodic transfer (standing order) via Internet Banking/Mobile Banking, using identification number or fingerprint
 - ▶ € 250,000 per transfer to your own accounts at ABN AMRO
- ▶ iDeal payment via Internet Banking/Mobile Banking using identification number or fingerprint
 - ▶ € 50,000 per day
- ▶ iDeal payment via Mobile Banking using identification number or fingerprint
 - ▶ € 5,000 maximum daily limit³, set by yourself, on transfers to accounts for which you have given a transfer instruction in the previous 18 months
 - ▶ € 5,000 maximum daily limit⁴, set by yourself, on transfers to other accounts
- ▶ € 2,500 per day for payments at POS terminals at home and abroad
- ▶ € 500 per day for cash withdrawals at ABN AMRO ATMs at home and ATMs abroad
- ▶ maximum of € 250 per day for cash withdrawals at an ATM at another bank in the Netherlands.

Using your e.identifier, you can change the following limits via Internet Banking or Mobile Banking:

- ▶ limit on payments at POS terminals
- ▶ limit on cash withdrawals at ABN AMRO ATMs
- ▶ limit on transfers via Internet Banking/Mobile Banking, using identification number or fingerprint, to accounts for which you have given a transfer instruction in the previous 18 months.
- ▶ daily limit for other transfer via Mobile Banking using identification code or fingerprint

You may also ask the bank to change the limit for payments at POS terminals or the limit for cash withdrawals at ABN AMRO ATMs. Lower limits may apply to POS payments and cash withdrawals abroad. These are beyond the bank's control.

The use of the debit card abroad may be restricted to countries in Europe. You can always ask the bank whether your debit card is activated for Europe only or for worldwide use. You can also check this yourself from your payment profile in Internet Banking or Mobile Banking. If you want to change the scope of your debit card from Europe only to worldwide or vice versa, you can do so yourself in Internet Banking or Mobile Banking or you can ask the bank to do it. If you do not use your debit card outside Europe, the bank recommends that you opt for Europe-only use. This gives you better protection against the misuse of your debit card. The international transfer option in Internet Banking can be blocked. You can check this and change it yourself via your payment profile in Internet Banking. If you never make international transfers, the bank recommends that you block this option.

You can deposit or withdraw coins at the dedicated ATMs at ABN AMRO branches. You will be charged for this by the service provider, which is not the bank.

6. Exchange rates

When you make credit transfer from your current account in a currency other than the euro or you want to change foreign banknotes, the bank applies the exchange rates that it publishes daily. You can view these rates online at abnamro.nl or you can ask the bank for the information. If you pay foreign banknotes into an account in the same currency, the bank will first convert the amount into euros.

If you issue a credit transfer in euros to an account in a country which does not use the euro as its currency, the following applies. The amount can be converted by a bank in the beneficiary's country. In that case, the exchange rate to be used is unknown. If you issue the instruction in the beneficiary's country's currency, the exchange rate published by the bank on abnamro.nl is applied.

If you pay in a non-euro currency at a POS terminal abroad or withdraw cash in a non-euro currency at a foreign ATM, the bank will convert the amount at the basic exchange rate for debit card transactions with a margin of 1.2%. Credit cards provided by the bank are subject to the conditions that you receive with those credit cards. The bank publishes the basic exchange rates for debit card transactions daily. These can be viewed online at abnamro.nl or you can ask the bank for the information.

7. Interest on your current account

Current interest rates can be viewed online at abnamro.nl or you can ask the bank for the information. For an unarranged overdraft, a legal interest rate is charged that consists of a legal interest rate percentage with a surcharge of 12%.

8. Value date

The value date refers to the day on which an amount credited or debited to an account starts or ceases to earn interest.

For Consumer Payment Services, the following applies. The value date is the date on which the bank credits or debits the amount from your current account. This applies if no currency exchange is necessary.

Payments received from abroad may be credited at an earlier date than the value date. In that case, the value date is the date on which the bank receives the amount.

9. Addressing paper payment instructions

Paper payment instructions should be sent to the following address:

ABN AMRO Bank N.V.
P.O. Box 77777
3000 MA Rotterdam
The Netherlands
