## Self-directed Investing Basic

Clear and transparent investment costs. That's what you can expect from ABN AMRO. This Cost Information Sheet details all the costs associated with Self-directed Investing Basic.

You will pay the following costs:

1. You will always pay service costs based on the value of the investments in your portfolio.
2. You will pay transaction costs on your buy and sell orders.
3. You may owe other fees, depending on the composition of your portfolio.

### Inclusive or exclusive of VAT?

You do not pay VAT on the service costs and the transaction costs. Some of the other costs are subject to 21% VAT.

## 1. Service costs

The service costs are what you pay ABN AMRO for the administration of your investment portfolio and for all investment information provided in connection with your chosen investment option. The service costs are annual costs, and are paid quarterly in arrears. At the end of each quarter we will calculate the value of the investments. We will then settle 25% of the annual percentage with you. You do not owe a minimum fee, nor are any service costs due on your cash resources.

Value of your investments	Service costs
Assets worth less than € 100,000	0.20%
Assets worth more than € 100,000	0.12%
Assets worth more than € 400,000	0.06%

## 2. Transaction costs

You pay transaction costs for buy and sell orders you submit to us via Internet Banking or Mobile Banking. These costs apply to each order.

## 3. Other costs

### Product costs

If you invest in investment funds, you also pay for costs incurred by an investment fund, such as ongoing charges. The ongoing charges provide an indication of the costs that an investment fund incurs. These include management fees and extra outgoings such as legal fees, audit fees and other operating expenses. Unpaid interest is usually included in ongoing charges as well.

The investment fund calculates its ongoing charges per fund class over a period of 12 months and incorporates them automatically in the price of the investment fund. The ongoing charges are set out in the Key Investor Information Document (KIID) of the investment fund. This information is available at [abnamro.nl/fondsen](https://abnamro.nl/fondsen) in the product information of the investment funds.

The other fees an investment fund charges for the management of the fund are listed in the Cost Information Sheet with additional information. See under the 'Costs' heading at [abnamro.nl/zelf-beleggen-basis](https://abnamro.nl/zelf-beleggen-basis)

## Orders in foreign currencies

If you place an order to buy or sell an investment product in another currency, we will convert the order amount into euros. We do so using the middle price at the time of conversion. In addition, you pay a percentage depending on the currency. This includes the costs that ABN AMRO incurs to hedge and convert the foreign currency. You can find more information about the calculation and the key costs at [abnamro.nl/ordervreemdevaluta](https://abnamro.nl/ordervreemdevaluta)

## Foreign taxes

Transactions conducted outside the Netherlands may be subject to tax. We will include this tax directly in your order. We will then pay the tax to the foreign tax authority. Frequently occurring foreign taxes on the value of buy transactions are:

- ▶ United Kingdom: 0.50% stamp duty
- ▶ Ireland: 1.00% stamp duty
- ▶ France and French companies: 0.30% financial transaction tax (FTT)
- ▶ Italy and Italian companies: 0.10% financial transaction tax (FTT)
