What happens if *you* report a *claim* to us and what do *we* pay out?

1

What do *we* do if *you* report a *claim* to us?

We will establish what happened. And the scope of your *claim*. *You* give us the information *we* need and *you* will demonstrate your *damage*. Is *luggage* missing or was a crime committed? Then *you* must send us proof that the matter was reported to the police, hotel management or the transport company. What if *you* or another *insured* do/does not cooperate in the assessment of the *damage* or fail/fails to observe another obligation from the conditions? Then *we* may refuse to pay out this *damage*.

Sometimes *we* ask an *expert* to assist us to determine the scope of the *damage*. *You* may also engage an *expert* yourself. *We* reimburse this up to the maximum amount that our *expert* charges. Does your *expert* charge more? Then *we* assess whether this is reasonable. *We* do not reimburse unreasonable costs.

What happens if both *you* and *we* each engage an *expert*? These experts will then first together appoint an independent *expert*. Then your *expert* and our *expert* will each determine the scope of the *damage*. They will try to agree between themselves. What happens if they cannot agree? Then the independent *expert* will decide the matter.

2

When does an *accident* have to be reported?

Has an *insured* been in an *accident*? And could this result in permanent disability? Then *you* must report this to us as soon as possible, but no later than 6 months after the *accident*.

Does an *insured* die due to an *accident*? Then the legal heirs must report this to us no later than 48 hours before the funeral.

3

How do *we* determine whether there is cover?

In order to determine whether there is cover *we* use these conditions, your policy and the information *we* received.

4

How do *we* determine the amount of covered *damage* to *luggage*?

The amount of the *damage* is the new value immediately prior to the *damage* minus the sales value immediately after the *damage*.

Please note: Is the *luggage* more than 6 months old? Then *we* assume the *current market value* as point of departure, instead of the new value.

How do *we* calculate what amount will be paid out to *you*?

We take the amount of the *damage* as the basis for the payout. Please note: This is not the case if the *repair costs* are lower than the amount of the *damage*. In that case *we* will pay out the *repair costs*. Do *you* have excess? Then *we* deduct that from the payout. *We* pay out the remaining amount up to the maximum insured sum. *We* may also pay out the *damage* in kind.

For the things mentioned above, in case of *damage* to *luggage* the following maximum insured sums per *insured* per *trip* apply, unless indicated otherwise:

	Maximum insured sum
Total for all <i>luggage</i> together	€ 2,500
▶ Photo, film, video or sound equipment	€ 1,750
▶ Computer equipment	€ 1,750
▶ Bicycles, baby carriages or wheelchairs	€ 1,000
▶ Personal jewellery, (sun)glasses or contact lenses	€ 500
▶ Mobile phones, smartphones or tablets	€ 500
▶ Cash or cash equivalents	€ 500 per <i>trip</i>
▶ Things bought or received during a <i>trip</i>	€ 350 per <i>trip</i>

Please note: Can the *luggage* not be repaired? Then *we* may request and then keep the *luggage*. Is lost or stolen *luggage* recovered within six weeks? Then *you* must take it back. Have *you* already received a payout from us for this? Then *you* must repay this.

>> Words that appear in italics are explained in the list of definitions on page 9.

How do we determine the payout in case of covered permanent disability or death due to an *accident*?

For the payout in case of permanent disability we take the maximum insured sum as a starting point. The maximum insured sum is included in the overview below. We multiply this amount with the degree of disability of an *insured*. We establish this percentage according to the *AMA rules*. In this context, we do not take into account an occupation or hobby. Permanent disability has to be established by an independent doctor within 2 years after the *accident*.

Does an *insured* die before the degree of disability has been established? And this is not caused by the covered *accident*? Then we pay out an amount that is compatible with the permanent disability before death that can reasonably be expected.

Please note: Was the *insured* already permanently disabled before the *accident*? And has his loss of function increased due to the *accident*? Then only the increased loss of function is included in determining the payout.

We establish the final payout for permanent disability as soon as this no longer changes. This in any case happens within 2 years after the *accident*. Does establishing a payout take longer than a year? Then we increase the payout after the first year with the statutory interest. We pay out the calculated amount for permanent disability to you.

Does an *insured* die due to an *accident*? Then we pay out the insured amount to the legal heirs. The insured amount is included in the overview below.

For a payout due to an *accident* the following maximum insured sums per *insured* per *trip* apply:

	Maximum insured sum
permanent disability due to an <i>accident</i>	€ 100,000
death due to an <i>accident</i>	€ 35,000

How do we determine the payout in case of *unforeseen expenses*?

We compensate covered *unforeseen expenses* based on the cost price up to the maximum insured sum that is included in the overview below. We compensate the following:

- ▶ extra travel expenses of an *insured* or the leasing of a similar replacement *means of transport*;
- ▶ extra accommodation expenses of an *insured* or the rent of a similar replacement *holiday home*. The extra accommodation expenses due to failure of the *means of transport* of another person you are travelling with or due to *damage* to a tent are covered up to a maximum of € 100 per *insured* per day;
- ▶ returning *luggage* of an *insured* to the residential address in the Netherlands due to a serious illness, *accident* or death of an *insured*;
- ▶ visiting costs in case of hospitalization of an *insured*;
- ▶ extra travel or accommodation costs for no more than two family members coming over for a visit of no more than three days to an *insured* in case of a serious illness or an *accident*;
- ▶ transportation of the body of a deceased *insured* person to the place of residence;
- ▶ a funeral of the deceased *insured* person abroad and the travel expenses of the family members for this end. But only if the body of the deceased *insured* person is not transported to the Netherlands;
- ▶ an investigation or rescue operation after an *accident* of an *insured* or if an *insured* becomes a missing person;
- ▶ a premature return journey of an *insured* due to death, a life-threatening illness or an *accident* of a *family member*. Or due to serious *damage* to a home or a company of an *insured*. This also includes the costs to travel back within a month to the travel destination afterwards;
- ▶ unused *diving costs* paid in advance of an *insured* who can no longer dive due to an *accident*, hospitalization or a covered premature return journey;
- ▶ *damage* to a rented *holiday home* for which an *insured* is liable;
- ▶ extra telephone costs;
- ▶ clothing or toiletries because the *luggage* of an *insured* arrives at the travel destination more than 8 hours late on the outward and transit journey.

Does your policy say that your *winter sport* is covered? And can an *insured* no longer ski due to an *accident*, hospitalization or a covered premature return journey? Then the unused skiing costs of an *insured* paid in advance are covered.

For *unforeseen expenses* the following maximum insured sums apply per *trip*:

	Maximum insured sum
costs of a funeral abroad of an <i>insured</i> and travel expenses of family members in this context	€ 5,000
costs due to failure of the <i>means of transport</i>	€ 2,500
costs in case of <i>damage</i> to a <i>holiday home</i> or tent	€ 1,500
visiting costs in case of hospitalization of an <i>insured</i>	€ 300
necessary purchases during a <i>trip</i>	€ 500
telephone costs other than to the ABN AMRO Emergency Service	€ 350

How do we determine the payout in case of covered *medical expenses*?

We compensate covered *medical expenses* based on the cost price up to the maximum insured sum that is included in the overview below.

We compensate the following:

- ▶ costs of a physician or medical specialist;
- ▶ costs of a hospitalization or operation;
- ▶ costs of transport of *you* to and from a physician or hospital;
- ▶ x-ray examinations or radiation treatments;
- ▶ prescribed medication, bandages or treatments by a physician;
- ▶ dental costs for emergency assistance or for follow-up treatment in case of an *accident*;
- ▶ a prosthesis that was prescribed within 1 year after an *accident*.

For *medical expenses* the following maximum insured sums per *insured* per *trip* apply:

	Maximum insured sum
<i>costs of follow-up treatment</i> (with the exception of dental costs) in the Netherlands	€ 1,250
dental costs abroad and <i>follow-up treatment</i> in the Netherlands	€ 500
costs of prostheses	€ 700

Does your health insurance fail to compensate the above-mentioned costs within a reasonable term to *you*? Then *we* will advance *you* this amount without interest. In that case, *you* do have to transfer the rights to compensation of these costs to us.

How do we determine the payout in case of covered breakdown assistance in *Europe*?

We compensate covered breakdown assistance in *Europe* based on the cost price or up to the maximum insured sum. We compensate the following:

- ▶ emergency repairs along the road up to a maximum of € 300;
- ▶ the tow charges up to the nearest garage;
- ▶ the sending of parts;
- ▶ replacement transport in the event the *means of transport* of an *insured* breaks down during the *trip* or within 3 days prior to the *trip*. And repairs are not possible within 2 days;
- ▶ a replacement driver and repatriation of the other *insured*;
- ▶ extra accommodation expenses due to failure of the *means of transport* of an *insured* are covered up to a maximum of € 100 per *insured* per day;
- ▶ the transport of the *means of transport* of an *insured* to an address in the Netherlands and possible trailer in the event that repair is not possible within 4 working days; Please note: Is the *current market value* of your *means of transport* lower than the transport costs? Then *we* compensate the costs of destruction and importation of your *means of transport*;
- ▶ the transport of *luggage* to an address to be determined by the policyholder.

For breakdown assistance in *Europe* the following maximum insured sums apply per *trip*:

	Maximum insured sum
Total for all costs due to failure of the <i>means of transport</i>	€ 2,500
