What is Direct Sparen?

Direct Sparen is a savings account through which you can deposit and withdraw amounts at any time.

Who is Direct Sparen for?

The Direct Sparen is a savings account intended for private retail customers and private pension companies.

Conditions and Definitions

- a. The General Conditions of ABN AMRO Bank N.V. apply to the relationship between you and the bank. Conditions on the same subject in the Direct Sparen take precedence over those in the General Conditions of ABN AMRO Bank N.V.
- b. References to 'customer' and 'bank statement' in the General Conditions of ABN AMRO Bank N.V. will be understood to mean the same as 'you' and 'account statement' in these Conditions.
- c. References in these Conditions to a contra account mean a savings or current account in euros that you hold with the bank.

Opening your Direct Sparen

- a. The bank can set a limit to the total number of Direct Sparen accounts that you may hold in your name and in the name of you and joint account holder(s). The maximum number of Direct Sparen accounts that can be held can be found on abnamro.nl. You can also request this information from the bank. This is free of charge.
- b. The bank can also set a limit to the total number of (other) savings accounts that you may hold in your name and in the name of you and joint account holder(s).
- c. You can only open and use a Direct Sparen account if you have a contra account.

Deposits into your Direct Sparen

- a. You can make deposits into your Direct Sparen account at any time.
- b. You make a deposit by transferring an amount in euros to your Direct Sparen account.

Withdrawals from your Direct Sparen

- a. You can make withdrawals from the Direct Sparen account at any time. This is free of charge.
- b. You make a withdrawal by transferring an amount to your contra account.

Interest on your Direct Sparen

- a. The bank calculates interest over the balance on your account. The interest rate can be positive, negative or zero.
- b. The bank can determine which interest rate applies to a certain account balance. In this way, balance classes are created. The interest rates and the balance classes are variable. The bank may change these at any time.
- c. A balance class can also apply to the combined balances on the current and/or savings accounts in your name and in the name of you and joint account holder(s). This is referred to as the total balance. The balance that you hold with joint account holder(s), will be divided in equal shares for each joint account holder in the calculation of their total balance.
- d. In the event of specific circumstances, such as developments in the money and capital markets, the bank can charge a negative interest rate on one or more balance classes.
- e. The bank calculates interest over the days that your balance was held in the savings account.
- f. In the event that the interest rate is negative, the balance on your account may decrease as a result of deducting negative interest. Under such circumstances, you must take care to maintain a sufficient balance. If, as a result of this deduction, you end up overdrawn on your savings account without authorisation, you must immediately supplement this and you will pay debit interest.
- g. Your interest will be booked onto or deducted from your Direct Sparen account on 31 December, 31 March, 30 June and 30 September. The interest will be visible on your account after two working days.
- h. In the event of a negative interest rate, the bank can debit the total interest due from one of your current or savings accounts. The bank can debit negative interest per month or per quarter.

You can find further information about this on abnamro.nl/interest

Closing your Direct Sparen

- a. You can close your Direct Sparen account at any time. This is free of charge.
- b. The bank will transfer any amounts remaining on the Direct Sparen account to your contra account. If there is a negative balance, this must be supplemented so that the balance is zero or positive before the account can be closed.
- c. The bank will book the interest onto or deduct it from your contra account in the following month or at the latest in the first month of the following quarter.
- d. Once your Direct Sparen account has been closed, the bank can no longer execute any instructions relating to this savings account.
- e. If amounts cannot be transferred to the contra account, the bank will hold your savings on one of its own accounts. You receive no interest on these savings and the bank can charge negative interest if this applies.
