What is the Vermogens Spaarrekening?

The Vermogens Spaarrekening is a savings account. You can always deposit your savings into this account or withdraw them. If a positive interest rate applies, the bank calculates bonus interest over the savings that are held in your savings account up to and including 30 December.

Who is the Vermogens Spaarrekening for?

The Vermogens Spaarrekening is intended for private retail customers and private pension companies.

Conditions and Definitions

- a. The General Conditions of ABN AMRO Bank N.V. apply to the relationship between you and the bank. Conditions on the same subject in the Vermogens Spaarrekening take precedence over those in the General Conditions of ABN AMRO Bank N.V.
- b. References to 'customer' and 'bank statement' in the General Conditions of ABN AMRO Bank N.V. will be understood to mean the same as 'you' and 'account statement' in these Conditions.
- c. References in these Conditions to a contra account mean a current account in euros that you hold with the bank.

Opening your Vermogens Spaarrekening

- a. You may only open one Vermogens Spaarrekening in your own name and one, for example, in the names of you and joint account holder(s). This is free of charge.
- b. The bank can also set a limit to the total number of (other) savings accounts that you may hold in your name and in the name of you and joint account holder(s).
- c. You can only open and use a Vermogens Spaarrekening if you have a contra account.

Deposits into your Vermogens Spaarrekening

- a. You can make deposits into your Vermogens Spaarrekening at any time.
- b. You make a deposit by transferring an amount in euros into your Vermogens Spaarrekening.

Withdrawals from your Vermogens Spaarrekening

- a. You can make withdrawals from the Vermogens Spaarrekening at any time. This is free of charge.
- b. You make a withdrawal by transferring an amount to your contra account.

Interest on your Vermogens Spaarrekening

- a. The bank calculates interest over the balance on your account. The interest rate can be positive, negative or zero.
- b. The bank can determine which interest rate applies to a certain account balance. In this way, balance classes are created. The interest rates and the balance classes are variable. The bank may change these at any time.
- c. A balance class can also apply to the combined balances on the current and/or savings accounts in your name and in the name of you and joint account holder(s). This is referred to as the total balance. The balance that you hold with joint account holder(s), will be divided in equal shares for each joint account holder in the calculation of their total balance.
- d. In the event of specific circumstances, such as developments in the money and capital markets, the bank can charge a negative interest rate on one or more balance classes.
- e. The bank calculates interest over the days that your balance was held in the savings account.
- f. The bank calculates bonus interest over amounts that are held on the savings account for the entire year: from 31 December of one year up to and including 30 December of the following year.
- g. The bank also calculates bonus interest over the amount you deposit during the year and which remains on the savings account up to and including 30 December of that year.

- h. The bank calculates basic interest over the amount that you withdraw during the year, but only up to the moment of withdrawal.
- i. In the event that the interest rate is negative, the balance on your account may decrease as a result of deducting negative interest. Under such circumstances, you must take care to maintain a sufficient balance. If, as a result of this deduction, you end up overdrawn on your savings account without authorisation, you must immediately supplement this and you will pay debit interest.
- j. Your interest is annually booked onto or deducted from your Vermogens Spaarrekening on 31 December. The interest will be visible on your account after one working day.
- k. In the event of a negative interest rate, the bank can debit the total interest due from one of your current or savings accounts. The bank can debit negative interest per month or per quarter.

Closing your Vermogens Spaarrekening

- a. You can close your Vermogens Spaarrekening at any time. This is free of charge.

- d. Once your Vermogens Spaarrekening has been closed, the bank can no longer execute any instructions relating to this savings account.
