Pay in another currency

Are you making a payment in HKD or another foreign currency and you only have a Euro account? Then ABN AMRO will buy the amount in that currency for you. It will then always take two working days before ABN AMRO can transfer this amount for you. This means that your payment will take two more working days. You make a payment in a foreign currency by selecting the desired currency in the transfer screen.

Are you making the payment in Euros and the recipient doesn't have a Euro account? Then the amount is converted abroad to the currency of the recipient's account. This can be disadvantageous because exchange rates abroad are usually less favourable than the exchange rate used by ABN AMRO.

National holidays

Hong Kong has its own national holidays on which the banks are closed. Please note that around those days it will take longer for your payment to be processed.

Currency calculator

Would you like an indication of the exchange rate used by ABN AMRO for your international transfer? To do this, go to abnamro.nl/valutacalculator

Is the credit date important?

Is it important that the amount is credited to the beneficiary on a specific date? Ask the ABN AMRO Payment Service Desk for the latest delivery times. You can reach us on working days from 08:00 a.m. to 6:00 p.m. via 020 - 629 80 77 (usual call charges).

Country code

HK

Currency

HKD (Hong Kong Dollar)

Bank code

Consists of 6 digits: 3 for identification of the bank and 3 for the branch.

Account number

A bank account number in Hong Kong consists of two parts: bank code and account number. There is no standard format known for a bank account number in Hong Kong. The number of figures varies from bank to bank.

Please note!

Do not use spaces, dashes, comma or slash (/) in the account number.

Disclaimer

Het kan zijn dat door de bank van de begunstigde aanvullende voorwaarden worden gesteld aan de betaalopdracht. ABN AMRO is niet aansprakelijk voor eventuele vertraging die hierdoor kan ontstaan.
