What happens if you report a claim to us and what do we pay out?

What do we do if you report a claim to us?
If you report a claim to us, we will determine what has happened and whether the claim is covered. And the amount of your claim. You must provide us the information we need and must demonstrate your damage. If luggage is missing or a crime was committed, then you must send us proof that the matter was reported to the police, hotel management or the transport company. If you or another insured does not cooperate in the assessment of the damage or fail/fails to observe another obligation under the conditions, then we may refuse to pay out.

We sometimes ask an expert to determine what has happened or to assist us to determine the amount of the damage. You may also engage an expert yourself. We reimburse this up to the maximum amount that our expert charges. If your expert charge more, then we assess whether this is reasonable. We do not reimburse unreasonable costs. If you want to know what costs we consider reasonable and what costs we reimburse, please contact us in advance.

What happens if both you and we each engage an expert? These experts will then first together appoint an independent expert. Your expert and our expert will subsequently each determine the amount of the damage. They will try to agree between themselves. If they cannot agree, the independent expert will decide the matter.

When does an accident have to be reported?
If an insured becomes permanently disabled due to an accident, then you must report this to us as soon as possible, but no later than 6 months after the accident. If an insured dies due to an accident, then the legal heirs must report this to us no later than 48 hours before the funeral.

How do we determine whether there is cover?
In order to determine whether there is cover we use these conditions, your policy and the information we received.

What if the damage is related to terrorism?
Sometimes, we cannot assume responsibility for compensating damage caused by terrorism. In such case, we will only compensate you for damage to the extent that it is insured by the Nederlandse Herverzekeringsmaatschappij voor Terrorismeschade (NHT) (Dutch Terrorism Claims Reinsurance Company). A maximum of one billion euros is available each calendar year for all damage caused by terrorism in the Netherlands. This maximum amount applies to all insurers in the Netherlands that are members of the NHT and applies only to events giving rise to damage that is covered under the insurance of these insurers. If the damage caused by terrorism exceeds one billion euros in any year, the NHT will determine the payment percentage. This means that the NHT will decide what percentage it will pay out to the insurers that are members of the NHT. In that event, we will compensate you for that percentage of your damage, less the excess (if applicable). If the total damage is less than one billion euros, or if for any other reason the NHT does not pay out to us, we will pay out as described in these policy conditions. For more information, you can read the Clauses Sheet Terrorism Cover that is part of these policy conditions. This Clauses Sheet is enclosed as an appendix. You can also visit the NHT’s website www.terrorismeverzekerd.nl, for the NHT’s contact details, news and background information. Here you can also find the Claims Settlement Protocol, in which you can read how the NHT handles damage.

If you report the damage two or more years after the NHT has decided whether it is the result of terrorism, any right to compensation of damage will lapse.

How do we determine the payout in case of covered damage to luggage?
We take the amount of the damage as the basis for the payout. Please note: This is not the case if the repair costs are lower than the amount of the damage. In that case we will compensate the repair costs. If an excess applies, then we deduct that from the amount of the damage or the repair costs. In the case of a maximum insured amount, we will first apply this maximum and then the excess. We pay out the remainder. We can also compensate for the damage in kind.

The maximum insured sums in the event of damage to luggage are stated on your policy.

Please note: If the luggage cannot be repaired, then we may request and then keep the luggage. If lost or stolen luggage is recovered within six weeks, then you must take it back. If you have already received a payout from us for this, then you must repay this.
How do we determine the payout in the event of covered permanent disability or death due to an accident?

For the payout in the event of permanent disability we take the maximum insured sum as a starting point. The maximum insured sum is stated on your policy. We multiply this amount by the degree of disability of an insured. We determine this percentage according to the AMA rules. In this context, we do not take into account an occupation or hobby. Permanent disability must be established by an independent doctor within 2 years after the accident.

If an insured dies before the degree of disability has been established, and this is not caused by the covered accident, then we pay out an amount that is compatible with the reasonably expected permanent disability immediately prior to the death.

Please note: If the insured was already permanently disabled before the accident, and his/her loss of function increased due to the accident, then only the increased loss of function is taken into account when determining the payout.

We establish the final payout for permanent disability as soon as this no longer changes. This is in any event done within 2 years after the accident. If establishing a payout takes longer than a year, then we increase the payout after the first year with the statutory interest.

We pay out the calculated amount for permanent disability to you.

If an insured dies due to an accident, then we pay out the insured amount to the legal heirs. The insured sum is stated on your policy.

How do we determine the payout in the event of covered unforeseen expenses?

- We compensate covered unforeseen expenses on the basis of the cost price up to the maximum insured sum that is stated on your policy. We compensate the following:
  - extra travel expenses of an insured or the leasing of a similar replacement means of transport;
  - extra accommodation expenses of an insured or the rent of a similar replacement holiday home. The extra accommodation expenses due to the breakdown of a means of transport or due to damage to a tent are covered up to a maximum of EUR 50 per insured per day;
  - returning luggage of an insured to the residential address in the Netherlands due to a serious illness, accident or death of an insured;
  - visiting costs in case of hospitalisation of an insured;
  - extra travel or accommodation costs for no more than two family members coming over for a visit of no more than three days to an insured in case of a serious illness or an accident;
  - transportation of the body of a deceased insured to the place of residence;
  - a funeral of a deceased insured abroad and the travel expenses of the family members to this end. But only if the body of the deceased insured is not transported to the Netherlands;
  - an investigation or rescue operation after an insured has been in an accident or has become a missing person;
  - a premature return journey of an insured in connection with a life-threatening illness or a serious accident of an insured;
  - a premature return journey of an insured due to death, a life-threatening illness or an accident of a family member. Or due to serious damage to a home or a company of an insured. This also includes the costs to travel back to the travel destination within a month afterwards;
  - skiing costs or diving costs paid in advance but not used of an insured who can no longer ski or dive due to an accident, hospitalisation or a covered premature return journey;
  - damage to a rented holiday home for which an insured is liable;
  - extra telephone costs;
  - clothing or toiletries because the luggage of an insured arrives at the travel destination more than 8 hours late on the outward journey and transit.

Words that appear in italics are explained in the list of definitions on page 9.
How do we determine the payout in the event of covered medical expenses?

We compensate covered medical expenses on the basis of the cost price up to the maximum insured sum that is stated on your policy. We compensate the following:

- costs of a physician or specialist;
- costs of hospitalisation or an operation;
- costs of transport of an insured to and from a physician or hospital abroad;
- x-ray examinations or radiation treatments;
- prescribed medication, bandages or treatments by a physician;
- dental costs for emergency care or for follow-up treatment in case of an accident;
- a prosthesis that was prescribed within 1 year after an accident.

If your health insurance fails to compensate one of the medical expenses stated on the policy to you within a reasonable period, then we will advance you this amount without interest. In that event, you do have to transfer the rights to compensation of these costs to us.

How do we determine the payout in the event of covered cancellation charges?

The amount of the payout for covered cancellation charges differs in a number of situations. In this context, the following applies:

- Does an insured cancel the trip before departure? Then we only compensate the part of the total travel costs for this insured. Is a part repaid by the agency where the trip was booked? Then we deduct that amount;
- Does an insured prematurely terminates the trip or he/she has to interrupt the trip? Then we only compensate the part of the total travel costs of the missed travel days of this insured;
- Is an insured hospitalised with at least one overnight stay? Then we only compensate the part of the total travel costs of the days of hospitalisation for all insured;
- Does an insured have more than 8 hours delay of an aircraft, bus, train or boat to the travel destination? Then in the event of a delay of up to 20 hours we only compensate the part of the total travel costs of one day. In the event of a delay of 20 to 32 hours, we only compensate the part of the total travel costs of two days. In the event of a delay of more than 32 hours, we only compensate the part of the total travel costs of three days.
- For cancellation charges, a maximum insured sum per trip applies. This amount is on the policy. We never pay out more than this amount for cancellation charges.
What other agreements are there?

When does your insurance start?
The insurance starts on the starting date. The starting date is stated on the policy.

When does your insurance end automatically?
Your insurance ends automatically on the end date. The end date is on the policy.

When may we terminate your insurance?
We may terminate your insurance in case of fraud committed by you or another insured.

When do you pay the premium?
You pay the premium prior to the start of your insurance. If you do not pay the premium, we may refuse to pay out. You will remain obliged to pay the premium.

Transfer or time-barring
In the event of damage or an accident you cannot transfer any objects to us. Claims will be time-barred 3 years after a payout has been made for an accident or damage. Or 3 years after an accident or after damage arose and you did not report this to us.

Complaints
If you are not satisfied with this insurance or our service, you can file a complaint with us. For more information on how to file a complaint with us, please go to abnamro.nl/klacht. If you are not satisfied with the outcome of the handling of your complaint, you can submit this to the independent Klachteninstituut Financiële Dienstverlening (KiFiD) [Financial Services Complaints Tribunal], P.O. Box 93257, 2509 AG The Hague or via kifid.nl. You can also submit the complaint to a court in the Netherlands.

Protection of privacy and electronic recording
We are bound by the Code of Conduct for the Processing of Personal Data by the Insurance Industry (Gedragscode Verwerking Persoonsgegevens Verzekeraars). You can find this code of conduct on verzekeraars.nl if you search for ‘persoonsgegevens’ (personal data).

If we communicate with each other electronically, for example, via Internet, e-mail or telephone, then we may record this communication electronically. As evidence or to improve our service.

How do we protect you and ourselves against intentionally incorrect information, deception or misleading information?
We assume that we will be informed correctly and completely. If there is a suspicion of intentionally incorrect information, deception or misleading information, we can carry out an investigation. We do this in accordance with guidelines of the Verbond van Verzekeraars, the Dutch Association of Insurers. Because we work with Nationale Nederlandsen, we also follow their guidelines. More information on this can be found at abnamro.nl/klantgericht-verzekeren.

After carrying out an investigation, we will take a decision. For example, to immediately terminate the insurance or not to make a payout. We may also terminate other insurances with us. In addition, we may decide to demand repayment of payouts and seek recovery of the investigation costs. We may also report the matter to the police. All these measures are to ensure that you do not pay unnecessary premium because others misuse their insurance.

External processing of personal data at Stichting CIS
To allow us to conduct a responsible acceptance, risk and fraud policy, we may examine and record details about you and your insurance policies in the central information system (CIS) of the insurance companies operating in the Netherlands (Stichting CIS). The objective of the personal data processing at Stichting CIS is to manage risks and combat fraud for insurers and authorised agents. Sanctions laws and regulations

Sometimes we are prohibited from concluding an insurance agreement with you, because of national and international sanctions rules. The insurance agreement will not be concluded if you or another interested party are on a national or international sanctions list, which will be checked by us afterwards. That is why a ‘condition precedent’ applies. The condition precedent is: “The agreement will only be concluded if the check does not show that, on the basis of sanctions laws or regulations, it is not allowed to provide financial services on behalf of or for the benefit of: the policyholder; insured persons, co-insured persons and other (legal) persons who could benefit from the existence of the agreement; representatives and authorised agents of the policyholder’s company; ultimate financial stakeholders in the policyholder’s company”.

Dutch law

This insurance is governed by Dutch law. If a dispute results in proceedings before a court, the dispute will be brought before a court in the Netherlands.

Article 2 / Limitation of the cover for the terrorism risk

2.1 If and insofar as, subject to the descriptions contained in articles 1 (1), 1 (2), and 1 (3), and within the limits of the applicable policy conditions, cover is provided for the consequences of an event which is (directly or indirectly) related to:
- Terrorism, malevolent contamination or precautionary measures,
- Any act or conduct in preparation for terrorism, malevolent contamination or precautionary measures, hereinafter to be collectively referred to as 'the terrorism risk', the liability to pay compensation on the part of the insurers in respect of any submitted claim to indemnity and/or benefit, shall be limited to the amount of the payment which the insurer receives in respect of said claim under the reinsurance of the terrorism risk with the NHT, in the event of an insurance with wealth creation increased by the amount of the wealth creation which has been realised under the insurance in question. With regard to life insurances the amount of the realised wealth creation shall be set at the premium reserve to be adhered to pursuant to the Financial Supervision Act with respect to the insurance in question.

2.2 The NHT shall provide reinsurance cover for the aforementioned claims up to a limit of liability of EUR 1 billion in respect of any one calendar year. The aforementioned sum shall be eligible for annual adjustment and shall apply to all insurers associated with the NHT together. Any adjustment shall be announced in three national newspapers.

2.3 Contrary to the provisions contained in the aforementioned paragraphs of this article, the limit of indemnity under this contract with respect to any insurance pertaining to:
- loss of or damage to immovable property and/or the contents thereof;
- consequential loss due to loss of or damage to immovable property and/or the contents thereof, shall not exceed EUR 75 million in respect of any one policyholder and any one insured location per annum for all participating insurers as referred to in article 1 together, irrespective of the number of policies issued. For the application of this paragraph insured location shall be understood to mean: all objects insured by the policyholder existing at the address of premises to which the insurance applies, as well as all objects insured by the policyholder located outside the address of premises to which the insurance applies whose use and/or purpose is in relation to the business activities at the address of premises to which the insurance applies.

As such shall in any case be considered all objects insured by the policyholder which are located at a distance of less than 50 metres from each other and of which at least one is situated at the address of premises to which the insurance applies. For the application of this paragraph it shall be provided that, with regard to legal entities, companies and partnerships which are joined in a group, as referred to in Section 2 (24) (b) of the Netherlands Civil Code, all group companies together shall be regarded as one policyholder, irrespective of which group companies belonging to the group have/have taken out the policy(ies).
Article 3. Payment Protocol NHT

3.1 The reinsurance of the insurer with the NHT shall be subject to the Claims Settlement Protocol (hereinafter to be referred to as the Protocol). On the basis of the provisions laid down in said Protocol, the NHT shall be entitled to defer any payment of indemnity or the sum insured until such time as the NHT is able to determine whether and to which extent it has at its disposal sufficient financial resources in order to settle in full all claims for which the NHT provides cover in its capacity as reinsurer. Insofar as the NHT is found not to have sufficient financial resources at its disposal, it shall be entitled in accordance with the provisions in question to pay a partial compensation to the insurer.

3.2 The NHT shall, with due regard for what has been stated in provision 7 of the Protocol, be authorised to decide whether an event in connection with which a claim to compensation is made should be considered as a consequence of the manifestation of the terrorism risk. Any decision taken to that effect and in accordance with the aforementioned provision by the NHT shall be binding upon the insurer, policyholder, insured parties, and the parties entitled to compensation.

3.3 Not until the NHT has notified the insurer of the amount, whether as an advance or not, which will be paid in respect of any one claim to compensation, shall the insured or the party entitled to the payment be entitled to lay claim to the payment as referred to in article 3 (1) in this respect towards the insurer.

3.4 The reinsurance cover by the NHT shall pursuant to provision 16 of the Claims Settlement Protocol only apply to claims for indemnity and/or benefit which are reported within two years after the NHT has established that a certain event of circumstance is regarded as a manifestation of the terrorism risk within the context of this Clauses Sheet.
