What do the words in italics mean?

How do *you* report *damage*?

Have *you* suffered *damage* to your *household contents*? Report this as quickly as possible. This is possible in two ways:

- ▶ *you* can call telephone number +31 (0)38 496 7123;
- ▶ *you* can report the damage by means of a claim form. *You* can find the claim form on abnamro.nl. *You* will find it quickly if *you* search using the words ‘schade inboedel’.

What changes are *you* always required to report?

You must report the following changes to us:

- ▶ if your family situation as stated on the policy changes or the roofing material changes. *We* will then adjust your premium accordingly;
- ▶ if *you* no longer live permanently in the *home* for longer than two months. Then this insurance does not cover *damage* caused by: theft or attempted theft, *vandalism*, *terrorism*, *precipitation*, *overflowing water* or *glass damage*. *We* may then also terminate your insurance;
- ▶ if the *home* is being renovated or expanded. Then *you* have an extra extensive cover;
- ▶ if *you* rent out all or part of the *home*, use it for business purposes, or if the government declares the *home* uninhabitable, unusable or expropriates it. Then your insurance ends.

Please note: This does not apply if *you* use your home for your own business administration.

Please note: *You* are required to report these changes within 14 days of their occurrence. If *you* fail to report a change on time, *you* could receive no or a lower payment in the event of *damage*.

What does your household contents insurance cover?

Your insurance covers *damage* to your *household contents* in the Netherlands. The *damage* must be sudden and unforeseen. The cover is dependent on the choice which *you* have made.

Please note: The cover applies, unless there is a situation that is never covered by your insurance. Therefore, do not just read what your insurance covers, but also read what your insurance never covers.

What does your insurance cover IN the home?

Does the policy say that *you* have basic cover? Then *damage* to your *household contents* in the *home* due to the following events is covered:

What does your insurance cover OUTSIDE the home?

What happens in the event of *damage* and what do *we* pay out?

1

What do *we* do if *you* report *damage* to us?

If *you* report *damage* to us, then *we* will determine what happened and whether the *damage* is covered. And the scope of your *damage*. *You* give us the information *we* need. *We* may also request the damaged *thing*, or have it repaired or replaced by a similar *thing*. If *we* request the damaged *thing*, *we* will become the owner of this *thing* after a compensation of *damage*. Has there been a criminal offence? Then *you* must send us proof that the matter has been reported to the police. What if *you* do not cooperate in the assessment of the *damage* or fail to observe another obligation from the conditions? Then *we* may refuse to pay out a *damage*. Sometimes *we* ask an *expert* to help us determine the cause and extent of the *damage*. *You* may also engage an *expert* yourself. *We* reimburse this up to the maximum amount that our *expert* charges. Does your *expert* charge more? Then *we* assess whether this is reasonable. *We* do not reimburse unreasonable costs. If *you* want to know what costs *we* consider reasonable and will reimburse, please contact us in advance. What happens if both *you* and *we* each engage an *expert*? These experts will then first together appoint an independent *expert*. Then your *expert* and our *expert* will each determine the scope of the *damage*. They will try to agree between themselves. What happens if they cannot agree? Then the independent *expert* will decide on the matter.

2

How do *we* determine whether *damage* is covered?

In order to determine whether *damage* is covered *we* use these conditions, your policy and the information *we* have received.

3

How do *we* determine the scope of the covered *damage*?

The scope of the *damage* is the new value immediately before the *damage* minus the sales value immediately after the *damage*. However, in the following situations, *we* start from the current value:

- ▶ if *things* are older than 36 months. And the *current value* is less than 40% of the new value immediately before the *damage*;
- ▶ if *you* have *damage* to the following household contents:
 - rented or borrowed *household contents*;
 - professional tools that *you* use in paid employment;
 - *household contents* that *you* use for business purposes;
 - *mobile devices*;
 - personal jewellery and watches, art, antiques (not furniture), collections with a rarity value;
 - musical instruments and *sports equipment*;
 - *things* that are not used as originally intended.

Do you have *damage* to floors, walls or ceilings? Then *we* only reimburse the actually damaged parts of the room concerned. Please note: Colour differences are not considered *damage*.

4

How do *we* calculate what amount will be paid out to *you*?

We take the scope of the *damage* as the basis for the payout. Please note: This is not the case if the *repair costs* are lower than the amount of the *damage*. In that case *we* will pay out the *repair costs*. Do *you* have excess? Then *we* deduct that from the payout. *We* pay out the remaining amount. *We* may also pay out the *damage* in kind.

Please note: Does your policy or do these conditions set out a maximum insured sum for any cover? Then *we* will pay out that sum as a maximum. Please note: Does your policy state that *glass* is covered? Then *we* will reimburse the replacement costs of *glass* due to sudden and unforeseen breakage in normal use. *We* will reimburse *special glass* up to a maximum of € 1,000.

5

What other costs do *we* reimburse if your *damage* is covered?

The following costs are reimbursed without a need to consult us in advance:

- ▶ costs charged by *Stichting Salvage*;
- ▶ reasonable costs of experts;
- ▶ costs that *you* incur to reduce or prevent immediate or immediately imminent *damage*.

We also reimburse other costs. But only if *you* consult with us before *you* incur these costs. And if *we* agree. These other costs are:

- ▶ cost of repair of your *garden*, if these costs result from *damage* to your *household contents* due to *fire*, lightning, *explosion*, being hit by a *motor vehicle* or a *vessel*;
- ▶ costs of cleaning your household contents as a consequence of asbestos released in the own home up to € 45,000;
- ▶ cost of repair of things with a *tenant's interest* or *owner's interest*, if *you* are required to pay those costs;
- ▶ costs of substitute housing, if *you* can no longer live in the *home*;
- ▶ costs of transport and storage of your *household contents*, if necessary;
- ▶ costs to clear your *household contents*, if necessary;
- ▶ costs of replacing your locks if your house key has been taken from *you* due to theft or violent robbery in the *home*. Please note: Up to € 550 per event.

What other agreements are there?

When does your insurance start?

The insurance starts on the starting date. The starting date is on the policy.

When does your insurance change?

The insurance will be changed on the date of change. The date of change is stated in the changed policy. The policy that *we* have issued previously expires as of the change date.

In which situations may *we* change your insurance?

We may always change the conditions or premium of your insurance on the revision date. *We* may also change your insurance at other times:

- ▶ Has the *policyholder* reported a change in the risk? Or the details on your policy are not correct? Then *we* may change the premium or the conditions.
- ▶ Do *we* wish to change the insurance for a specific group of insurances or policyholders at the same time? Then *we* may change the premium, conditions or discounts on a date that *we* choose.

Do *you* not agree to a change? Then *you* may terminate the insurance. The insurance will then end on the date of change. What if *you* do not terminate the insurance? Then *you* accept the change.

When may *you* terminate your insurance?

You may terminate your insurance at any time. *You* cannot terminate your insurance with retroactive effect.

When may *we* terminate your insurance?

We may terminate your insurance on the revision date. The revision date is on the policy. *We* must give notice of the termination of the insurance 60 days before the revision date.

We may also terminate your insurance in the following situations:

- ▶ within 30 days after *damage* has been reported, rejected or paid out;
- ▶ if an insured person provides incorrect information, or commits fraud or deception;
- ▶ in the event of changes which *you* must report;
- ▶ if the ABN AMRO bank account, linked to this insurance, is closed;
- ▶ if *you* have not paid the premium despite a warning.

When and how does the *policyholder* pay the premium?

The *policyholder* pays the premium around the 1st of every month. This date is called the premium due date. The premium, costs and insurance tax will be automatically deducted from your account. If this fails or *we* do not receive any premium? Then *we* will send *you* a warning. And if *you* still do not pay? Then cover automatically lapses 15 days after *we* have sent *you* a warning and the insurance ends.

Transfer or time-barring

In the event of *damage* *you* cannot transfer any objects to us.

Claims will be time-barred 3 years after a payout has been made. Or 3 years after the *damage* arose and *you* did not report it to us.

Complaints

If *you* are not satisfied with this insurance or our service, *you* can file a complaint with us. For more information on how to report a complaint to us, please go to abnamro.nl/klacht. If *you* are not satisfied with how your complaint was resolved, *you* can present your complaint to the independent Klachteninstituut Financiële Dienstverlening (KiFid) [Financial Services Complaints Institution], P.O. Box 93257, 2509 AG The Hague or via kifid.nl. *You* may also present the complaint to a court in the Netherlands.

Protection of privacy and electronic recording

We are bound by the “gedragscode Verwerking Persoonsgegevens Financiële Instellingen” [Code of Conduct for the Processing of Personal Details by Financial Institutions]. This code of conduct can be found on verzekeraars.nl if you search for ‘persoonsgegevens’.

Do we communicate with each other electronically? For example, via internet, email or telephone. Then we can record this communication electronically. As proof or to improve the service.

How do we protect you and ourselves against intentionally incorrect information, deception or misleading information?

We presume that we will be informed correctly and completely. If there is a suspicion of intentionally incorrect information, deception or misleading information we can carry out an investigation. We do that in accordance with guidelines of the *Verbond van Verzekeraars*. Because we work together with *Nationale Nederlanden*, we also follow their guidelines. You can find more information about this on abnamro.nl/kkv.

After carrying out an investigation we will make a decision. For example, to immediately terminate the insurance or not to make a payout. We may also terminate other insurances you have taken out with us. In addition we can decide to demand repayment of payouts and seek recovery of the investigation costs. We can also report the matter to the police. All these measures are to ensure that you do not pay unnecessary premium because others do not handle their insurance properly.

Sanctions regulations

Sometimes, national and international (sanctions) rules may forbid us to conclude an insurance agreement with you. The insurance does not come into being if you or another interested party is on a national or international sanctions list. As we check this retrospectively, a ‘condition subsequent’ applies. The condition subsequent is:

“The agreement will only be concluded if it does not appear from testing that it is prohibited, on the basis of sanctions rules, to provide financial services for or on behalf of: policyholder; insured parties, co-insured parties and other (legal) persons who could benefit from the existence of the agreement; representatives and authorised representatives of the policyholder’s company; ultimately beneficial owners of the policyholder’s company”.

Dutch law

This insurance is governed by Dutch law. Does a dispute result in a dispute before a court? Then, the dispute is submitted to a court in the Netherlands.
